WHO RESEARCHES MATTERS

Areas of work

1. MEAL services focused on creating more effective empowerment and more equitable partnerships
2. Building the research capacity of local civil society and community-based organizations.
3. Support to early-career researchers from Southeast Asia working in civil society

The Tea Leaf Center

The Tea Leaf Center Co., Ltd. is a social enterprise research and training consulting firm.

We seek to shift the balance of power in international development and research toward local organizations, communities and individuals directly impacted by the issues they are working on.
